

For Coughs—Take This

Do you know a remedy for coughs and colds nearly seventy years old? There is one—Ayer's Cherry Pectoral. Once in the family, it stays. It is not a doctor, does not take the place of a doctor. It is a doctor's aid. Made for the treatment of all throat and lung troubles. Ask your own doctor his opinion of it. Follow his advice. No alcohol in this cough medicine. J. C. Ayer & Co., Lowell, Mass.

You cannot recover promptly if your bowels are constipated. Ayer's Pills are gently laxative and act directly on the liver. Sold for nearly sixty years. Ask your doctor all about them.

WHY THE BIG TREES ARE BIG.

Heavy Rainfall Gives Quick Germination and Steady Growth.

The magnificent forests of Douglas fir in Washington—it is called Washington fir there and Oregon fir (its commercial name) in Oregon—do not have an equal anywhere else in the world. This is not surprising if we take into account the rainfall, which in the Puget Sound country is about fifty-three inches, while up in the higher Cascades near Seattle it is 100 inches and even reaches 150 inches.

Under such climatic conditions the seeds of trees germinate readily and all trees continue to make a vigorous growth. These great forests, says horticulture, are due to the climatic conditions of the region.

On the east slope of the Cascades the rainfall is much less, and here the big pine is found, interspersed with beautiful white pines, which sometimes reaches a height of 200 feet and a diameter of 6 feet, although there are many trees over 100 feet high and 3 or 4 feet in diameter. The tree resembles our Eastern white pine, but is more slender and with slender spreading or somewhat drooping branches.

Valuable Chinese Medicine.

Curious experiences occasionally come to administrators of even so prosaic a department as the customs. A Sydney correspondent tells of one which recently befell Mr. N. Colston Lockyer, the Federal Assistant Comptroller-General. Above the mantelpiece in his office is nailed a sun dried lizard. It had been imported by an enterprising Chinese merchant, who desired Mr. Lockyer to take particular note of it and inspect his officers as to its nature and the amount of duty chargeable on similar consignments in bulk. The Chinaman explained that dried lizard was a very important item in the pharmacopoeia of the Celestial Empire, and when ground to powder possessed medicinal properties of untold value. The officers of the department were at a loss to know how to classify the article, their choice apparently lying between drug, preserved food and prohibited vermin. Mr. Lockyer cut the Gordian knot by classifying the "medicinal lizard" as "unenumerated" and admitting it duty free.

New 12-Cent Stamp.

A new twelve-cent postage stamp is to be provided by the Post Office Department to meet the changed conditions resulting from the increase of the fee for registering letters and parcels from 8 to 10 cents.

Acting Postmaster General Stewart has requested the Secretary of the Treasury to authorize the preparation of such.

The new stamp will ultimately result in the discontinuance of the thirteen-cent stamp. The latter was calculated to cover the cost of the eight-cent registry fee and the five-cent international postage rate. The fifteen-cent stamp will serve this purpose, and the two-cent postage rate in this country and for England and Germany. The twelve-cent stamp was discontinued some years ago. It bore the head of Washington.

Advice for Young Ladies.

It is superfluous to decorate women highly for early youth; youth is itself a decoration. Women are mistaken when they adorn themselves with jewelry and make-up, and neglect to provide for that which will want it most.—Hannah More.

His Musical Name.

A correspondent reports the finding of a decidedly curious name in one of the records of York during the reign of Elizabeth—Marmaduke Claretton. It sounds like a character in a latter day burlesque.—Notes and Queries.

A Widow's Discovery.

The Look on the Bright Side Society got down its ledger this afternoon and enrolled among the members the name of a newly made widow. "I missed John so much when I sat down to meals," she said, "that I began eating off the pantry shelf, and in this way I do not have to clean my dining room more than once a week, and it makes my work so much lighter."

Analysis of Reason.

Reason is always a kind of brute force; those who appeal to the heart rather than the heart, however pallid and polite, are necessarily men of violence. We speak of "reasoning" a man's heart, but we can do nothing to his head but hit it.—G. K. Chesterton.
